SCIENCE CENTER OF CONNECTICUT RECEIVES GRANT FROM BROWN RUDNICK CHARITABLE FOUNDATION

West Hartford, CT (June 22, 2005) --The Science Center of Connecticut was the recent recipient of a \$6,000 *Relationship Grant* from the Brown Rudnick Charitable Foundation, Corp., a non-profit, tax-exempt entity established by attorneys from Brown Rudnick Berlack Israels LLP. The funds will be used to provide science education trips primarily for inner-city children from Hartford. The Science Center offers the *Science for All* educational program which provides students in Connecticut Priority School Districts the opportunity to experience science-related programs, exhibits and field trips.

The objective of the Foundation's *Relationship Grants* is to improve inner-city education by developing a relationship with a non-profit organization that optimally includes financial support from the Foundation and pro bono legal representation and volunteer time coordinated through the Brown Rudnick Center for the Public Interest. *Relationship Grants* are awarded annually to organizations that have demonstrated both the need for funding and the willingness to develop an effective volunteer effort with the Foundation. Information about the grant program can be found at www.brownrudnickcenter.com/foundation. With offices in the United States and throughout Europe, Brown Rudnick maintains an office in Hartford, Connecticut.

The Science Center of Connecticut, Connecticut's largest children's museum and the 5th oldest museum of its kind in the nation, is committed to being a catalyst for science inspiration and learning with its unique, hands-on permanent and traveling exhibits. The 78-year old non-profit institution is located at 950 Trout Brook Drive in West Hartford.
